1982 – 1997	INTERNATIONAL EXPERIENCE

During this period it is estimated that between 20 and 40 percent of each year (depending on the year) was been spent

on business pursuits physically outside New Zealand. In some years the businesses for which I had responsibility had upwards of 85 percent of their market activity and/or production base outside New Zealand. Countries in which I have had business experience include: New Zealand, Australia, United States, Canada, United Kingdom, Japan, Taiwan, China, Hong Kong, Singapore, Malaysia, Indonesia, Papua New Guinea, Chile, Brazil, Argentina, Peru, Mexico, South Africa, Finland, Germany, Switzerland, France, Holland, Guam, Palau, Fiji and other South Pacific Island countries.
