General instructions for applying to courses within a study programme autumn term 2022

Last day for application

Last application date for the autumn term 2022 is April 19. The application period normally opens one month before the last application date. Since it usually is a lot of people applying for courses on the last application date, you should try and apply before that.

Application

For the next coming semester you either apply on universityadmissions.se, sign up for your courses on "Studentportalen" or get the courses automatically. What applies for your programme is described in the instructions above.

Applying at universityadmissions.se

To find courses at universityadmissions.se you can apply for within your study programme you first need to log in: Go to "Log in" and choose "Lund University" in the scroll list under "Log in with university account". Use your student account user ID to log in. That means you must have access to your student account and password.

If you lost your user ID or password, you can create a new using passport.lu.se where you log in with your personal ID and password from universityadmissions.se/antagning.se. You can also go to a student desk at the university and get a one-time code that you can use to set a new password. You may contact LU Service Desk at tel 046-222 90 00 weekdays between 08 and 17.

[Read more on LU Service Desk webpage.](#)

If you need a new password for universityadmissions.se/antagning.se please follow instructions on universityadmissions.se/antagning.se. Note that LU Service Desk cannot answer admissions questions.

Course application

If a course can be applied for either within your programme or as a free-standing course, you must actively choose one of the alternatives. As a student on a study programme you should put your alternatives within the program at

the top of your application to minimize the risk of getting unnecessary gaps in your programme studies.

You cannot register for more credits within your programme than your programme comprises. So, if you apply to courses within your programme and it turns out that you are already registered for the maximum credits, your application for those courses that exceed the maximum credit limit will be converted to (freestanding) single subject courses, if possible. Otherwise the courses will be deleted.

NB! Even if you apply to both courses within your programme and (freestanding) single subject courses, you cannot be admitted to more than 45 credits in all.

Any problems?

If you fail with applying to your programme courses, please contact your department well before the last day for application.

Appendices

Normally, no appendices need to be enclosed; however, please see enclosed instructions for your programme.
