# General instructions for applying to courses within a study programme spring term 2023

Last application date for spring semester is October 17. The application period normally opens one month before the last application date. Since it usually is a lot of people applying for courses on the last application date, you should try and apply before that.

## Application

## Applying at [universityadmissions.se](https://universityadmissions.se)

To find courses at [universityadmissions.se](https://universityadmissions.se) you can apply for within your study programme you first need to log in: Go to "Log in" and choose "Lund University" in the scroll list under "Log in with university account". ## Course application

If a course can be applied for either within your programme or as a free-standing course, you must actively choose one of the alternatives. As a student on a study programme you should put your alternatives within the program at

the top of your application to minimize the risk of getting unnecessary gaps in your programme studies.

You cannot register for more credits within your programme than your programme comprises. So, if you apply to courses within your programme and it turns out that you are already registered for the maximum credits, your application for those courses that exceed the maximum credit limit will be converted to (freestanding) single subject courses, if possible. Otherwise the courses will be deleted.

NB! Even if you apply to both courses within your programme and (freestanding) single subject courses, you cannot be admitted to more than 45 credits in all.
