COURSE APPLICATION

When you apply you should use the alternative that is marked “Course within programme” on antagning.se, because you should obtain the course within your programme. As a student within a study programme, you should prioritise your alternative within the program then you do not jeopardise to obtain unnecessary gaps in your programme studies.

If you search for courses within the programme and it turns out that you are already registered on the number of credits that your programme comprises, your application is brought over to freestanding course.

APPENDICES

Normally, no appendices need to be enclosed; however, please see enclosed instructions for your programme.
